A Christmas Shipment of New Mehster Pianos

Two carloads of these handsome instruments direct from our factory to sell special for the holidays

Easy Terms of Payment Arranged.

Our factory, anticipating a big demand for a Highgrade Piano at a reasonable price for the holiday trade, has shipped us two carloads of the famous WEBSTER Pianos—the regular \$360 instruments—with instructions to offer them from now until Xmas at \$295 each.

These Pianos are of the latest 1912 models and are shown in oak, mahogany and circassian walnut cases, in both the art and polished finish.

At this special factory price the WEBSTER is the best and most satisfactory Piano you can buy for Christmas. As manufacturers we can conscientiously guarantee it to give lifetime satisfaction.

Come and make your selection now. We will reserve the Piano for Xmas delivery.

Misery of Catarrh. Read It. This is to certify that I was a sufferer of catarrh in its worst form of the head, throat lungs and stomach for almost ten years, having been treated by nine different doctors, all of whom failed to give me any relief, saying nothing of a cure. Seeing your HYOMEI advertised, I procured an outfit five years ago last March, have a cold I breathe through my inbaler and take no medicine. I have not used fifty cents' worth of any other medicine since that time.

For catarrb, asthma, catarrhal deafness, bronchitis, croup, coughs and colds HYOMEI is guaranteed. Complete outfit, which includes inhaler, \$1.00. Extra bottles if needed, 50 cents, Sold by death by only a small margin. A man Henry Evans and James O'Donnell and pharma- was sitting in the driver's seat of the au-

The Randle Highlands Citizens' Association and other similar bodies in the eastern section of the District will open a campaign soon to induce Congress to appropriate the desired \$32,000 for the acquiring of Fort Davis, on Bowen road near Pennsylvania avenue, and Fort Dupont, at Bowen and Riggs roads. The Commissioners have recommended the purchase of this land. Both of these tracts of land were at one time, during the civil war, used for the encampment of teacher of biology in the white soldiers, and from that time have borne their.respective names.

Lecture on Italian Painting.

Prof. Frank J. Mather, jr., is to give the second lecture in the free course of John, World editorial rooms." Mr. White twice. The capacity of the hall is 378, and the course tickets for both afternoon and evening lectures, it is explained, have years old and poorly dressed. His head been entirely exhausted.

School Holidays Will Begin Friday, December 22.

POINT MADE BY H. P. BLAIR

Coal Question Referred to the Board of Education.

SALE OF RED CROSS SEALS

Proposed New Pay Day for Teachers Not Settled-Changes and Appointments Approved.

School children, take off your hats to Henry P. Blair, member of the board of education, for once more he has stood & up for your rights under the law, and in | consequence thereof the Christmas holidays will begin Friday, December 22. Thursday, December 21, is the last day of school this year. Perhaps if it had not been for him you would have to go to school Friday, but, being a lawyer, he has read the school law, which declares that the Christmas holiday shall include the last regular school day. He dug the thing up last year, remember, and had it in mind again this year; and settled it with Supt. Davidson at a meeting of the board of education in the Franklin School building yesterday afternoon. The holidays will continue until January 2, 1912.

Method of Buying Coal.

That's what comes of having lawyers on the board. If it had a coal dealer perhaps it could have settled the coal question, which the Commissioners put up to

The Commissioners have asked the board if it wants to buy coal by the ton any more. The question stunned the board. One member suggested that he had never heard of coal being sold by anything but the ton, and whispered something about obtaining it "by liquid measure." The Commissioners, it seems, have learned from Marion Hargrove, Dis trict purchasing agent, that coal can be obtained by a mysterious analysis method, but there is not any one in the schools who can analyze coal. Even Secretary line, who was brought up in the coal fields, had to pass up the question. The Commissioners' query, in typewritten form, 800 words long, was passed among he board members, who scanned it with interest. One member hinted that black diamonds might be sold by troy weight. and asked what committee could attend to the matter. There is no coal commithave to study the thing out. The analysis method seems to be a scheme whereby the District will pay for its coal by the uality and not the quantity.

Sale of Red Cross Seals. The board approved a request to allow

he request of Miss Adelaide Davis, principal of the Emery School, to allow a boys' club to be established in the first floor and basement of that building. The board has been liberal in its views on the subject of allowing the use of school buildings to any organization that could be connected with the progress of educa-tion, but the school law provides that schools shall be used for educational purooses only, and whether or not a schoolboys' club is educational or not is a question. The opinion from the corporation counsel will have a broad effect, and will apply to things other than the club at

Proposed New Pay Day.

Mr. Blair's proposition to change the teachers' pay day was not settled yesterday, as several teachers have protested, but, according to Mr. Blair, no strong and logical argument has been presented against the scheme. He proposes to establish a definite date, say the 10th shall be issued. At present the 1st of the month is set for that event, but some checks are inevitably late, and clerks have to work many hours overtime to bring about the results now obtained. Mr. Blair said yesterday that he would oppose further overtime in the various offices through which the checks pass, so that as far as he is concerned, the 10th of the month will be the pay day, whether it is established by rule or not. Christmas trees will adorn the kindergarten rooms, as usual, this year, as the board voted a sum of money for that purpose yesterday. The board received the protest of several tradesmen in the vicinity of McKinley Manual Training School, who say the "Tech" lunchroom is hurting their business. The high school committee has the matter under con-

Changes and Appointments.

The following changes and appointnents were approved yesterday: Grant leave of absence, without pay, until June 1, 1912, for educational purposes to Miss P. M.
